The smallest footprint of the S Class recyclers, this 2-pot, 4 outlet unit offers performance and durability characteristics that even the most demanding Painting Contractors have come to expect. With all of the same features of our S4 and S6 Units, the S2 is a robust recycler that you can take to any jobsite with confidence. The S2 will get the job done, on time and within budget.

- The unit that all others are compared against
- The gold standard of the abrasive blasting industry
Features

Five Component Cleaning System

Six Stage Air Wash with Separate Bag House

Air Drying System with Desiccant Dryer

Two or Four Nozzle Continuous Blasting System
